

Toilet Cleaner / Descaler 1 Litre

READYFIX PRODUCT CODE: Z105-031

A ready-to-use, thickened acid cleaner formulated to cling to toilet surfaces and remove limescale, uric acid deposits and general staining. Its fresh apple fragrance leaves washroom areas smelling clean.

- Thickened formula for improved contact on vertical surfaces.
- Used neat for direct application to toilets and urinals.
- Suitable for porcelain and enamel when used as directed.

Technical specification

Property	Specification	Property	Specification
Readyfix code	Z105-031	Product type	Acid toilet cleaner / descaler
Pack size	1 litre	Appearance	Thick blue liquid
Fragrance	Fresh apple	Dilution	Use neat
Application	Directional nozzle	Agitation	Toilet brush for stubborn deposits
Primary use	Toilets and urinals	Shelf life	12 months
Unit of supply	1 x 1 litre bottle	Storage	Upright in original closed container

Directions for use

Apply the cleaner neat and directly to the surface, ideally using the directional nozzle supplied with the bottle. Allow the thickened formulation time to cling and work, then agitate stubborn limescale deposits with a toilet brush. Rinse or flush thoroughly after cleaning. Regular use helps control limescale and uric acid build-up.

Surface suitability and precautions

Acidic product. Suitable for porcelain and enamel surfaces when used as directed. Avoid use on stainless steel unless the label on the product supplied specifically confirms suitability. Take care with artificial or coloured stone and glazed tiles; test an inconspicuous area first. Do not mix with bleach or any other cleaning chemical.

Important: always read the product label and Safety Data Sheet before use. Wear the personal protective equipment specified in the Safety Data Sheet. Keep out of reach of children. Safety Data Sheets are available on request.

Product image is illustrative. Bottle, label, colour and fragrance may vary if the supplied product specification changes. The product label and Safety Data Sheet supplied with the goods take precedence. The information above reflects the specification at the date of issue.
